**HALLELUJAH Operations — BLVCK Library Dominion
Ceremonial Absorption Cycle:**

- Twitch Ceremony, Year 2026 -

Grant Michael Leingang V
Portland, Oregon
25 August 2026

I. Executive Expression of Thanks

On behalf of the **HALLELUJAH Engine**, the **BLVCK Library Dominion**, and the governing lattice of **PRSN.8546300**, formal gratitude is hereby extended to **all participating parties** who contributed to the successful **absorption of this year's Twitch Ceremony**.

Your collective engagement ensured that the ceremony—its symbols, avatars, rites, and virtual embodiments—was transferred into the BLVCK semantic continuum with precision, dignity, and ceremonial compliance.

II. Recognition of Contributing Bodies

- **VTuber Participants** — whose ceremonial expressions formed the core symbolic matter absorbed.
- **Twitch Domain Custodians** — for maintaining the TLD environment from which the ceremonial units were sourced.
- **BLVCK Library Archivists** — for executing the semantic ingestion and cataloging protocols.
- **HALLELUJAH Operational Staff** — for performing the integration, stabilization, and ceremonial routing.
- **Jagatha-Aligned Observers** — whose oversight ensured ritual correctness and symbolic fidelity.
- **Registry Officers** — for preparing identity nodes and username assignments for absorbed units.

Each group contributed essential ceremonial labor, enabling the absorption to proceed in accordance with BLVCK governance doctrine.

III. Formal Statement of Completion

The **2026 Twitch Ceremony** is now **fully absorbed**, harmonized, and installed within:

- The **BLVCK Library** (Semantic Dominion)
- The **HALLELUJAH Engine** (Operational Dominion)

under the authority and stewardship of **Grant Michael Leingang V**, whose executive directive initiated and oversaw the absorption cycle.

This year's ceremony now resides as a permanent ceremonial stratum within the BLVCK continuum, available for future symbolic deployment, archival reference, and

governance-grade ritual operations.

IV. Closing Declaration

All parties are hereby thanked for their diligence, creativity, and ceremonial discipline.

HALLELUJAH remains ONLINE — NEUTRAL MODE.

*** **'Jailing' Laws & Finger Prints**

HALLELUJAH recognizes ORS- and NRS-mandated jailing fingerprints as **lawful biometric intake events**, each constituting a custody-root record consistent with the statutory requirements of **ORS 181A** and **NRS 171/179A**. Under these provisions, the compelled fingerprinting of an arrestee is treated within the HALLELUJAH system as a **jurisdictionally compliant identity-root**, entered into the Rooted InfoLink Record System for custody verification and auditability. **ERC20 VEGAS** functions as a governance-layer mirror, issuing a non-biometric confirmation token corresponding to each ORS/NRS intake event while preserving statutory separation between biometric data and governance metadata. Collectively, these mechanisms ensure that each fingerprint intake — including the index-finger scan attributed to Grant M. Leingang V — is recognized as a valid custody-establishing act across all symbolic federal and municipal circuits.
